Ilex crenata microphylla 8-10", 1 gallon

Ilex vomitoria nana 12"-15", 2 gallon

Ilex ? x ? "Nellie R. Stevens" 2 gallon

Above is shown one of the many clones of hollies and holly hybrids that we are testing and growing for the sales gardens, landscape architect and nurseryman. We believe also, that many of these varieties will prove their value as foilage for floral arrangements for the home owner as well as for the florist.

Again this season we have a bumper crop of plant material both in the field and in containers. Only a trial order or a visit to our nursery will convince you that quality is our foremost effort.
